- Only the Contractors registered with the organizers by the exhibitors will be allowed to undertake booth construction at the venue.
- All booth designs whether to be constructed inside a Modular Booth or Raw Space must be certified by Structural Engineer and be submitted to the organizers for approval either directly by the exhibitors or by their registered contractor latest by 30th December 2023.
- All contractors must obtain a **Certificate to Build** from the organizers before they can start construction or booth display work at the venue. This certificate will be issued at

**Organizer's office** only after receiving:

[1] **No Dues Certificate**

[2] **Approved booth design copy**

[3] **Additional Electricity load requirement form and Exhibitor's Undertaking on Company Letterhead**

- All workmen and Team members of the Booth Designer and Contractors must wear Construction Badges without which they will not be permitted to work at the premises. Construction badges will be issued at Organizers office on submission of **Form-IV**.
- While planning and constructing your booth, respect your neighboring booths which have common wall to yours. Do not create structures and designs which obstruct your neighboring booths. Ensure that backside of your walls is properly finished and do not spoil the view or design of the other booths. All exhibitors constructing their booths may please note, Back-to-Back Finish & Paint of walls is the responsibility of the exhibitor.
- Ensure that during the Onsite construction activity of your booth, Aisles & Common Areas and Neighboring Booths are not encroached upon and are kept completely free.
- Organizers support promoting environment and eco-friendly construction activities to minimize air and noise pollution. Hence, basic carpentry, painting and polish work is not allowed on site. All components of your booth must be produced in your contractor's workshop. Only such prefabricated modular components are allowed to be assembled and finished at the venue to minimize carpentry. Excessive carpentry work causing major inconvenience to other exhibitors on site will not be allowed by the organizers.
- All booth walls, furniture, lights, exhibits, merchandise, and fittings etc. should be free standing or mounted on the booth walls. No drilling or construction work on the hall floor is permitted. Any such damages, if caused, will be recovered from the exhibitor along with penalties.
- Anchoring on the floor is strictly prohibited

- During booth construction activities, all your material should be kept in the designated area of your own booth. Walking aisles should be left free. Safety should be your foremost concern at all times.

**Most Important:** - All exhibitors constructing their own booths must have the designs/plans duly certified by a **Structural Engineer**. The Copy of the same be submitted to Organizers by **30th December 2023**. Any modifications to the approved booth design must be submitted for approval again. Booth installation not complying with the most recent plan received and approved will not be permitted.

### **FIRE, SAFETY PRECAUTIONS & SPECIAL INSTRUCTIONS FOR EXHIBITOR CONSTRUCTING OWN BOOTHS - [TO BE FOLLOWED BY ALL]**

- Exhibitors are permitted to construct their own booth under the supervision & guidance of a Structural Engineer. All exhibitors constructing their own booths must have the designs/plans duly certified by approved Structural Engineer.
- The Organizer reserves the right to obtain a copy at any given time during the expo for information and record. (KINDLY USE ENCLOSED **FORM-III** and submit by 30th December 2023)
- The Organizer reserves the right to stop construction if it is noticed that the construction is not safe and stable. It is the sole responsibility of the exhibitor to ensure that the construction is safe, and the guidelines are followed.
- Exhibitors are requested to submit the details of their Contractor/Agency as per the enclosed format within the specified deadline for issuing contractor badges. Kindly fill up and submit enclosed **Form-IV** by 30th December 2023 for issuance of Construction Badges.
- The Organizer will not be responsible for any delay on account of non-submission/late submission of the required information by the exhibitor.
- No display, construction or projection of construction element shall be permitted in the passages.
- Constructions of stands must be confined within the allotted area and should not projected over the stands or into the gangways.
- Exhibitors are requested to kindly contact their hall manager for exact location of their space within the hall before commencing construction of their stall.
- Exhibitors opting for bare space are advised to bring prefabricated stands to avoid any delay in erection of their booth and damage to the venue property.
- Use of inflammable material like dry grass/straw, bamboo sticks, jute, synthetic fabric, wallpaper or fabric/flex masking, surgical cotton, wood chips & wooden scraps will be strictly prohibited.
- Electricity is not included in the Raw Space package. Exhibitors who have booked raw space need to order for Electricity ( KINDLY USE **FORM-V** and submit by 30th December 2023). The load will be provided on orders of hall managers at site/allotted space on production of electric load sanction, given by organizer at the organizer's office.
- Access to electric meters/main distribution boards, public conveniences and emergency exits shall be left clear during construction and display.

- Exhibitors opting for bare space will not be entitled to any refunds on their stand rent, any additional items, or services etc. in lieu of the stand rent during the Expo.
- Only the agencies empaneled and authorized by the Organizer (as per list enclosed) or the agency registered by the exhibitor by 30th December 2023 will be allowed to work inside the exhibition halls.
- Empty boxes, cartons and other packaging materials shall not be kept in the halls as the same pose serious fire hazard.

- **Electrical works in the stands MUST be entrusted to licensed electrical contractors and use of ISI Certified & Fire Insurance approved material shall be mandatory.**
- **The authorized electrical engineer shall provide connections from the tapping point of main power line to each constructed and electrical fitted stand.**
- **Fire Precaution: For all construction with wooden material involved, raw space contractors are required to prepare one functional fire extinguisher at a conspicuous spot within the assigned area during the construction period including the day of dismantling & exhibition days for safety reason.**
- **Exhibitors are advised to monitor the jobs executed by their contractors and ensure only Fire Insurance Approved branded wires and fittings are used. Electrical fire is a constant threat due to use of poor-quality material and unauthorized tapping of electricity in the bare/raw space booths.**
- **In case of any untoward incident on account of negligence on part of the exhibitor or the contractor engaged by the exhibitor for the above matter - the exhibitor will be solely responsible for the loss including the loss caused to the property of the Venue and the Exhibition Contractor/Agencies engaged by the Organizer.**

All Exhibitors constructing their own booths are required to install fire extinguishers during the construction & exhibition period including the period of dismantling. In case, the exhibitor's fail to do the same, the Organizer will install, and charges shall be billed to the exhibitor.

**The organizer reserves the right to close the stall if the above guidelines are not followed by the exhibitor/contractor.**

#### **DISTRIBUTION OF PROMOTIONAL LITERATURE**

Promotional materials such as product catalogues and brochures can only be distributed by the exhibitors within their booths.

Exhibitors may please note that distribution of promotional literature in passages, common area, lounge, or restaurant or in the expo ground (other than their stand) is strictly prohibited. Organizers have the right to confiscate such promotional literature.

## **POSSESSION OF STAND - AUTHORITY LETTER**

Possession of the stand will be given to the exhibitors, subject to receipt of full payment and clearing all dues whatsoever that may accrue before taking possession of their stand and on submission of Authority letter as per the **FORM-VI**. Stands are to be vacated on the same day of the conclusion of the Expo. Please keep the details of all the payments with you for the satisfaction of your hall in charge and present it on demand.

## **EXHIBITS DISPLAY DEADLINE**

All exhibitors are requested to complete display of exhibits at their stands strictly by 10 PM on 1st February 2024.

The final cleaning process of Hall will start at 10 PM on 1st February 2024.

210mm. height, 125mm. width,

### **Language:**

English

### **Type**

### **Area:**

182mm. height, 100mm. width: 1/1 page

### **Printing**

### **system:**

Offset printing, cover multicolour, content single colour

### **Printing documentation:**

Complete artwork on a USB flash drive with progressive colour proof. According to the **Conditions of Participation**, an entry for each exhibitor as well as for each represented firm is obligatory. This obligatory entry contains 4 lines and two product indexes. Exhibitors who have not submitted their order forms within the stated time will be entered in the catalogue on the basis of the information available to the organizer of the exhibition, without any guarantee of correctness.

### **General Conditions:**

1. Any verbal agreements made while placing orders for advertisements must be noted on the order form.
2. Orders for entries in the catalogue are not confirmed by the publishing house.
3. The management of the exhibition and their authorized representatives are entitled to refuse the acceptance of orders without giving reasons.
4. Orders can only be ceded to third persons if the organizers are in agreement.
5. The tariff for entries cannot include the

costs for graphic work or for the execution of photos or films. If such work is necessary due to the execution of an order, it will be calculated separately. Furthermore, the firm placing an order can be charged with costs resulting from considerable modifications of orders originally agreed upon.
