ABOUT *IFEX 2027*

The 23rd Indian Exhibition on Foundry Technology, Equipment, Supplies and Services IFEX 2027, concurrent with the Platinum Jubilee edition of the Indian Foundry Congress, will bring together Indian and international companies on a focused platform for technology showcase, business development, and industry collaboration. IFEX 2027 is designed to support meaningful engagement across the foundry value chain, enabling participants to explore emerging trends, discover practical solutions, and build market-ready partnerships. India continues to strengthen its position as one of the world's leading casting producers, supported by expanding industrial demand, rising technology adoption, and increasing interest in resilient sourcing ecosystems. In this context, IFEX 2027 offers a business-oriented environment where manufacturers, suppliers, buyers, and decision-makers can connect with clarity and purpose. More than an exhibition, IFEX 2027 is a market-facing platform that supports technology discovery, sourcing efficiency, business matchmaking, and access to one of the most dynamic foundry markets in the world.

PRODUCT SECTORS

**Casting
Manufacturers,
Complete Foundry
Plants**

**Melting
Furnaces and
Accessories**

**Moulding
and Core
Making**

**Sand Preparation,
Treatment and
Reclamation**

**Casting
Machines and
Accessories**

**Die Casting
Machines and
Accessories**

**Knockout,
Finishing, Heat
Treatment and
Drying**

**Measuring,
Testing, Process
Control and
Instruments**

**Material
Handling**

**Environment
Control**

Machining

**Robotics
and Smart
Automation**

**Low-Cost
Automation**

**Auxiliary
Equipment**

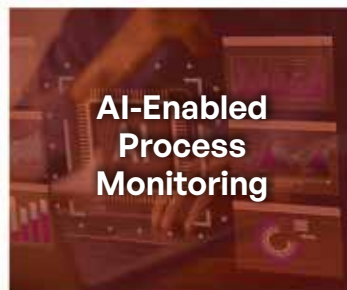

**Foundry
Services**

**Raw
Materials**

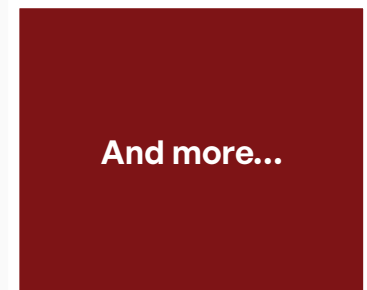

**Digital
Manufacturing
Solutions**

**AI-Enabled
Process
Monitoring**

**Sustainability
and Emissions
Control Solutions**

And more...

ACCELERATE YOUR BUSINESS WITH **IFEX 2027**

Unlock the strength of India's foundry ecosystem at IFEX 2027. Designed for focused discovery and meaningful business engagement, IFEX brings together technology providers, casting manufacturers, sourcing teams, and solution partners on one integrated platform.

WHAT TO EXPECT AT **IFEX 2027** ?

400 +
Exhibitors

30,000+
Business Visitors

15,000 (sqm)
Exhibition Space

1500+
Scheduled B2B Meetings

IFEX 2027 is built to help participants improve discovery, access, and conversion, while reducing time-to-business through structured interactions and category-led sourcing. This is where serious business conversations begin and long-term industry relationships take shape.

CONNECT WITH SERIOUS BUYERS ACROSS CORE MANUFACTURING SECTORS

IFEX 2027 provides exhibitors with direct access to a high-intent buyer ecosystem drawn from automotive, engineering, defence, infrastructure, energy, railways, process industries, capital goods, and industrial manufacturing. The platform is designed to support meaningful sourcing engagement, helping exhibitors connect with procurement teams, technical evaluators, plant leadership, and strategic decision-makers.

Buyer Presence at IFEX

Buyer Segments

**OEMs and
Tier Suppliers**

**Casting Buyers &
Sourcing Heads**

**Plant and
Operations Teams**

**Technology
Seekers**

**Product and
Service Users**

**Engineering
and Design Teams**

**Institutional &
Government
Stakeholders**

**International
Trade Delegations**

***TRUSTED BY FOUNDRY
LEADERS TO SHOWCASE
TECHNOLOGY, CAPABILITY,
& INDUSTRIAL PROGRESS***

IFEX has earned the confidence of the foundry industry as a platform where technology suppliers, machinery leaders, casting manufacturers, and service providers come together to present practical, future-ready solutions. It is a place where innovation is not displayed in isolation, but connected directly to process improvement, sourcing decisions, and market opportunity. From automation and quality systems to furnaces, materials, inspection technologies, and digital tools, IFEX 2027 will continue this legacy by offering a focused environment for high-value industrial engagement.

LEADING BRANDS *THAT HAVE EXHIBITED WITH US*

IFEX has consistently attracted leading names from across the foundry value chain, including equipment manufacturers, process solution providers, automation companies, materials specialists, and industrial technology brands. Their continued participation reflects the exhibition's value as a trusted business platform with strong category relevance and serious visitor engagement.

Exhibitor Participants

WHY LEADING BRANDS *CHOOSE IFEX?*

Business - focused audience

Strong category fit

Industry credibility

Structured lead generation

Access to serious buyers and technical stakeholders

BUILDING A SMARTER, CLEANER, & *MORE EFFICIENT FOUNDRY FUTURE*

IFEX 2027 will spotlight the industry's transition towards sustainability, process efficiency, and responsible manufacturing. As foundries respond to changing market expectations, global regulations, and rising performance standards, the need for cleaner, more resource-efficient operations has become central to long-term competitiveness.

Focus Areas at *IFEX 2027*

Recycling and reuse
in foundry operations

Sustainable moulding
and sand systems

Waste reduction and
resource recovery

Dust and fume
extraction solutions

Energy-efficient equipment
and process control

Renewable energy
integration

Circular manufacturing
practices

Emissions-aware
production systems

WHY THEY ATTEND ?

- To identify new technologies ❁
- To compare equipment and process solutions ❁
- To meet manufacturers and suppliers ❁
- To assess sourcing options ❁
- To understand industry trends ❁
- To participate in technical and business discussions ❁

CONNECTING TECHNOLOGY WITH THE *RIGHT BUYERS - VISITOR PROFILE*

IFEX visitors come with a clear purpose, to discover practical technologies, compare suppliers, evaluate capabilities, and identify business opportunities that improve productivity, quality, and competitiveness. The exhibition attracts a diverse and decision-oriented audience from across the manufacturing ecosystem.

Visitors Include

- ❁ Buyers and Sourcing Personnel from the Automobile Industry
- ❁ Engineering Industry Professionals
- ❁ Defence and Aerospace Stakeholders
- ❁ Railways and Infrastructure Buyers
- ❁ Technology Suppliers and Technology Seekers
- ❁ Energy Sector Professionals
- ❁ Trade Delegations
- ❁ Government Officials
- ❁ Investors and Promoters
- ❁ R&D Institutions
- ❁ Product and Service Users

WHAT'S ON *IN 2027?*

IFEX Technology & Innovation Zone

A focused space for exploring advances in casting technology, automation, process optimisation, and digital manufacturing.

IFEX Sustainable Foundry Solutions

Showcasing solutions that support cleaner production, energy efficiency, circular systems, and responsible resource use.

Live Product Demonstration Zone

An interactive platform where exhibitors can demonstrate machinery, systems, consumables, and process improvements in action.

Technical Seminars & Knowledge Forums

Insightful sessions featuring industry leaders, global experts, researchers, and practitioners discussing market trends, process innovation, and future manufacturing priorities.

EXPAND YOUR INDUSTRY REACH WITH IFEX 2027

IFEX 2027 offers more than exhibition space. It places your brand within a comprehensive outreach ecosystem designed to connect you with decision-makers, buyers, influencers, and professionals across the foundry and manufacturing sectors. Through integrated marketing, digital visibility, targeted communications, and category-led promotion, IFEX supports sustained engagement before, during, and after the event.

MARKETING CAMPAIGN AT A GLANCE

100,000+	5 Million+	4 Million+
Website Visitors	Search Engine Impressions	Google Ad Clicks
5 Million+	1 Million+	1 Million+
Telemarketing Calls	Email Broadcasts	WhatsApp Broadcasts
10 Million+	10 Million+	500,000+
Radio Broadcast Reach	Print Advertisement Circulation	Industry Professional Connects

WHY EXHIBIT ?

Exhibiting at IFEX 2027 means joining a business platform that combines physical presence with sustained category visibility, helping your brand remain part of industry conversations well beyond the show days.

GLIMPSES

Add-on Branding & Participation Options

IFEX 2027 offers a variety of add-on opportunities to strengthen brand visibility and create deeper recall among visitors and delegates. These formats allow participants to extend their presence beyond the booth and engage with the audience across high-traffic touchpoints

ADD-ON OPPORTUNITIES

- Advertisement in Exhibitor Directory
- Visitor kit insertions
- Co-branded Visitor bags
- Pendrive / Pen branding
- Official T-shirt branding
- Pathway branding
- Registration area branding
- Digital display opportunities
- Hall buntings and flag banners

COST OF PARTICIPATION	DOMESTIC		INTERNATIONAL	
	FOR IFEX 2027	Shell Scheme: ₹10,000 per sqm Bare Space: ₹9,500 per sqm	Shell Scheme: € 300per sqm Bare Space: € 275 per sqm	
FOR CAST INDIA 2027	Shell Scheme: ₹ 9,500 per sqm Bare Space: ₹ 9,500 per sqm	Shell Scheme: € 300 per sqm Bare Space: € 275 per sqm		

Notes

- GST extra as applicable
- Premium location charges, if any, to apply as per policy
- Minimum stall sizes and participation guidelines to be indicated in final release

ABOUT - ORGANISER

THE INSTITUTE OF INDIAN FOUNDRYMEN

The Institute of Indian Foundrymen (IIF) was established in 1950 to promote education, research, training, and development for the Indian foundry industry, while serving as a nodal point of reference between customers and suppliers on a global scale. Headquartered in Kolkata, the Institute serves the country through its chapters and regional offices, supporting the advancement of foundry capabilities across India. IIF is also a member of the World Foundrymen Organization (WFO) and the Confederation of Indian Industry (CII). Through its programmes, publications, forums, and industry platforms, IIF continues to play a central role in enabling knowledge exchange, skill development, policy dialogue, and industrial progress within the foundry ecosystem.

ABOUT - CO-ORGANISER **INDIA EXPOSITION** **MART LIMITED**

IEML stands among India's leading integrated destinations for exhibitions, conventions, and business events. Located in Greater Noida, Delhi-NCR, the venue offers modern infrastructure, strong connectivity, and the scale required to host large-format B2B trade fairs, conferences, and global industry gatherings. With its integrated exhibition halls, supporting facilities, and strategic location within the Delhi-NCR business corridor, IEML provides an enabling environment for exhibitors, buyers, policymakers, and international participants to connect, collaborate, and conduct business efficiently. Its scale, accessibility, and integrated facilities make it an ideal destination for IFEX 2027.

A WORLD-CLASS VENUE FOR **BUSINESS & INNOVATION**

5 Min Walk from
